

Department of Dermatology organized a “Nukkad Natak” in the hospital premises on the occasion of World HIV / AIDS Day on December 01, 2018 to spread awareness regarding modes of spread and the need for getting tested for HIV status among the masses. The residents of the department gave a sterling performance full of message appreciated by all. The play was widely attended by staff members of LHMC, patients and attendants also. Dr. V. K. Sharma, Addl. MS also graced the occasion. Information booklets were also distributed among the attendees.
