

## **INTRODUCTION ABOUT DEPARTMENT**

Department of Otolaryngology-Head & Neck surgery provides all services with modern state-of-art equipment. Since we are attached with KSC hospital we see many complicated and complex cases of pediatric ENT problems. It would be fair to say that every day department is dealing with aero-digestive foreign bodies and their complications not only from Delhi but also from neighboring state. Otology as well as head and neck oncology work load is also considerable in the department. Audiology and speech language pathology services are also available in the department.
