

## Letter from the HOD's Desk

### Greetings from the Department of Community Medicine

Lady Hardinge Medical College, one of the most prestigious institutions of the country has recently completed hundred years of its existence. It gives me immense pleasure to share that during this century, the institution as well as our Department has taken giant strides in the field of teaching, research and patient care services.

The prime motive of our Department is to provide quality education to our undergraduate and postgraduate students. The Department is working very hard towards the goal of providing innovative and quality education of high standard to achieve academic excellence in field of Community Medicine and to provide the highly skilled community Physician in the service of Nation.

The need of the hour is to appreciate the priority which Community Medicine deserves. The focus of our attention is to ensure that medical courses are well equipped to meet the challenges of Public Health, as per the need of the nation. The Department boasts of fully equipped and functional field practice centres which give the students practical exposure to field situations.

The infrastructure, teaching faculty at our Institute ensure that the standards of quality education are met and the training provided is as per NMC norms. The Alumni of the college as well as of the Department are spread across the World and are shining examples of the success of the Department. We are confident that our students will emerge as assets not only to the organization & nation they belong, but also to the World at large.
