Channel of Supervision and Accountability

Lady Hardinge Medical College (LHMC) and its associated hospitals, including Smt. Sucheta Kriplani Hospital and Kalawati Saran Children's Hospital, operate under a structured framework of supervision and accountability to ensure effective governance and high-quality healthcare delivery.

Governance and Administrative Oversight

- **Ministry of Health and Family Welfare (MoHFW), Government of India:** LHMC is a central government institution administered by the MoHFW. This ministry oversees policy formulation, funding, and strategic direction for the institution.
- **Directorate General of Health Services (DGHS):** Functioning under the MoHFW, the DGHS provides administrative control over LHMC and its associated hospitals, ensuring adherence to national health policies and standards.

Internal Administrative Structure

- **Director:** The Director serves as the chief executive officer, responsible for overall leadership, strategic planning, and coordination among various departments and associated hospitals.
- **Medical Superintendents:** Each associated hospital has a Medical Superintendent who manages daily operations, patient care services, and hospital administration.
- **Heads of Departments (HODs):** Each medical and academic department is led by an HOD who oversees departmental functions, including education, research, and clinical services.
- **Administrative Officers:** They handle non-clinical operations such as human resources, procurement, and facility management.

Committees and Oversight Mechanisms

LHMC has established various committees to ensure comprehensive oversight and accountability:

Details available on website:

- lhmc-hosp.gov.in

Accountability and Performance Monitoring

- **Regular Audits and Inspections:** Internal and external audits are conducted to assess financial integrity, compliance with medical standards, and operational efficiency.
- **Performance Appraisals:** Staff performance is evaluated periodically to ensure accountability and continuous improvement.
- **Feedback Mechanisms:** Patient and student feedback are systematically collected and analyzed to inform policy and operational decisions.

External Affiliations and Accreditation

- **University of Delhi:** LHMC is affiliated with the University of Delhi, aligning its academic programs with university standards and regulations.
- **National Medical Commission (NMC):** The institution adheres to guidelines and standards set by the NMC for medical education and practice.

This multi-tiered structure ensures that LHMC and its associated hospitals maintain high standards of medical education, research, and patient care through effective supervision and accountability mechanisms.
