## Specification of Medical Magnification Loupes Set Size 5.0x-5.5x

Magnification Loupes generate a high-contrast stereoscopic image, thus enabling you to recognize and differentiate between minute structures. right loupe system for users with higher magnification demands. It is available in a wide range of magnification levels and working distances, enabling you to select loupes tailored to your individual needs. The depth of field permits good depth orientation.

Choose a magnification level from 5.0x to 5.5x and working distances from 500 to 550 mm.

Magnification Loupes can be quickly adapted to your current treatment position. The adjustability of the eyepiece inclination allows you to work in a relaxed position and prevent back and neck problems at the same time.

Over longer wearing periods, the headband on the magnification loupes ensures comfortable weight distribution. The personal setting options on the magnification loupe system facilitate an ergonomically correct treatment position with every tilt angle.

The medical magnification loupes should come with a 2 years warranty.
