#### FOREWORD

It is with great pride and immense pleasure that I write this foreword for the Annual Report 2023 of Lady Hardinge Medical College, New Delhi. Reflecting on the remarkable achievements and strides made by this prestigious institution, we are reminded of its enduring legacy of excellence in education, research and healthcare delivery that has been nurtured over decades.

The foundation of any great institution lies in its unwavering commitment to academic rigor, holistic development, and the fostering of an environment where future leaders in healthcare are cultivated. Lady Haringe Medical College stands as a testament to this vision. It is heartening to witness the tireless efforts of our faculty, students and staff who consistently strive to enhance the quality of medical education and patient care.

In an era where healthcare challenges are rapidly evolving, this institute remains committed to equipping medical students with the knowledge, skills, and compassion necessary to address these complexities.

The annual publication serves as a chronicle of our shared journey, highlighting numerous achievements and milestones, and outlining future objectives that will continue to guide us. As we adapt to the evolving needs of the medical world, it is imperative that we remain focused on nurturing healthcare professionals who are not only skilled practitioners but also compassionate individuals with integrity. I am confident that the culture of this institute will continue to inspire future generations to reach new heights,

With best wishes for continued success and progress.

### FOREWORD

It is indeed a pleasure to write a foreword for this year's (2023) Annual Report for "Lady Hardinge Medical College", an esteemed institution of the country. This college, renowned worldwide, continues to provide outstanding medical education to undergraduate and postgraduate students in various fields of Medicine. I am delighted to be a part of the "Graduation Ceremony" for awarding postgraduate degrees to the Cohorts of 2020, 2021, 2022 and 2023.

Lady Hardinge Medical College's contribution to the nation's growth in the field of medicine is noteworthy. It trains 240 MBBS graduates along with over 150 postgraduates (MD/MS, DM/MCh students annually. These professionals practice globally, making contributing significantly to healthcare and medical research, bringing laurels to the country.

This institution is one of its kind training only lady undergraduates. The Government of India takes immense pride in acknowledging that this. Investment in medical education and the college's infrastructure has produced some of the finest postgraduate doctors. I extend heartiest congratulations to the postgraduate doctors receiving their degrees this Friday (27<sup>th</sup> December 2024). My congratulations to the dedicated faculty members who work tirelessly for the success of these students, imparting invaluable skills in patient care without adversely affecting actual patient care. Appreciation is also due for college authorities for their unwavering support in this endeavor. Good wishes are also due to parents and family members of all postgraduate students.

I am confident that this Institution will continue to progress and contribute towards achieving Honorable Prime Minister's dream of "A Healthy Nation" by 2047.

#### Message

It is with immense pride and profound gratitude that I present the foreword to this year's Annual Report of our esteemed institution. Trailblazing the medical education for females more than a century ago, our institute has left its mark on not just medical education, but also research, healthcare and service to humanity.

Living up to the motto of our institute *-per ardua ad astra-* we can proudly declare that we have truly reached the stars through adversity and this year's annual report is yet another testimony to the same. Our institute is reaching newer heights and this report is a proof of the dedication, commitment, team spirit and united efforts of our faculty, staff and students.

As we reflect on the achievements of the past year, we also look to the future with hope and determination. Standing amongst the top medical institutes in the country, we nurture the best of academic talents in undergraduate, postgraduate and super speciality studies. Inculcating a spirit of compassion, service and altruism, we raise our students to excel and contribute in a meaningful way to the society at large. I am confident that the post graduate students who will be conferred with degrees on this convocation day, would carry forward the rich legacy of our institute, bring even greater glory to the institute and raise the banner of Lady Hardinge Medical College ever higher.

We eagerly look forward to your flight into future and wish the very best to you all.

# DIRECTOR'S SPEECH FOR THE ANNUAL DAY

Honorable chief guest Minister of State of Health and Family Welfare and Chemicals and Fertilizers, Smt. Anupriya Patel, our guest of honour Additional Secretary Ministry of Health and Family Welfare, Smt. Roli Singh, special guest Director General Health Services, Dr Atul Goel, distinguished invited guests, esteemed faculty members, proud parents, and, most importantly, the students receiving post graduate degrees, the keystone of their medical career.

It is both an honour and a privilege to stand before you today as we celebrate the culmination of years of dedication, perseverance, and exceptional achievement. Today is not just a day of celebration but also a milestone that marks the beginning of a new chapter in your journey as healthcare professionals, researchers, and pioneers.

Lady Hardinge Medical College has stood as a beacon of excellence in medical education for over a century. As you, our postgraduate students, walk across this stage today, you carry with you a legacy rooted in service, compassion, and innovation. You are not just the future of healthcare; you are the architects of change in medicine, public health, and medical research. Your journey to this day has not been easy. The past years have tested your mettle in ways that only the world of medicine can. From long nights in wards and labs to the rigorous pursuit of knowledge in

classrooms, you have shown resilience and dedication. Most recently, many of you stood at the forefront during the global pandemic, demonstrating courage, selflessness, and an unwavering commitment to humanity. You are a testament to the fact that learning in medicine is not confined to textbooks or classrooms. Every patient you treated, every clinical challenge you faced, and every mentor who guided you contributed to shaping the skilled professionals you are today.

In the heart of India's medical education landscape stands Lady Hardinge Medical College, a beacon of opportunity that's been transforming women's lives for generations. What began as a groundbreaking initiative for female medical students has evolved into something even more remarkable. While still exclusively nurturing female talent at the undergraduate level, postgraduate programs are open for all aspiring medical professionals. Each year, 240 bright young students enter our doors to begin their MBBS journey. We have a total 177 Postgraduate seats, 70 seats for the Nursing students, and total 8 seats for specialists-in-training across fields like Neonatology and Pediatric surgery.

Lady Hardinge Medical College works with two main hospitals: Smt. Sucheta Kriplani Hospital, which has 1,431 beds, and Kalawati Saran Children Hospital, with 403 beds. These hospitals provide both basic and specialized care, focusing on helping patients from low-income communities. We serve our community through three local health centers in Kalyanpuri, Palam, and Mehrauli. Our medical students gain real-world experience through internships at LBS Kalyanpuri, and complete their residencies at Pandit DDU Hospital in Janakpuri and Indra Gandhi Medical Super Speciality Hospital in Dwarka.

After this brief Review, I am privileged to present our 2023-2024 annual report, to share the remarkable advancements we have made in our institution over the past year in the fields of education, research, and patient care. Our students have proven once again that hard work leads to incredible results. In 2023, their dedication shone through in every program.

## Academic Excellence

The pass percentage was 93.2% for MBBS 1<sup>st</sup> Professional, 98.76% for MBBS 2<sup>nd</sup> Professional, 98.67% for 3<sup>rd</sup> Professional part 1 and 98.85% for 3<sup>rd</sup> Professional part 2. The pass percentage for PG degree and super speciality was 100%. Our students have institutional online access to UpToDate Advance & Clinical Key- e-resource, two valuable online resources apart from access to several online journals. Many of our students and faculty have brought laurels by way of paper presentation awards, representing on Editorial Board of reputed journals, various interview panels, Technical Expert on various Committees, External Examiner for various Universities, Member for Board of Research Studies. Many of our faculty members received Oration awards and Fellowships, some of the exemplary award winners who were honoured by professional organisations include-

Dr. B.L. Sherwal, Dept. of Microbiology;

Dr. Manju Puri, Dr. Ratna Biswas, Dr. Pikee Saxena, Dr. Swati Agrawal, Dr. Panchampreet Kaur from Obs. & Gynae.

Dr. Srikanta Basu from Pediatrics

Dr. Sangeeta Pahuja, Dept of IHBT

Dr. Ghan Shyam Pangtey, Dept. of Medicine

Dr. Priya Hazrah, Dept. of Surgery

Dr. Prashant Kumar, Dept. of Anatomy

Besides, several faculty got paper presentation awards, which for paucity of time, I am not enumerating by name, though they find a mention in detail in the Department wise reports. Many faculty have represented various Committees at the national or international level during the year of reference, including -

Dr. Anil Gurtoo from Dept. of Medicine,

Dr Sarita Beri, Department of Ophthalmology presently the Director of LHMC

Dr. Sunita Mondal from Dept. of Physiology who is presently Principal LHMC,

Dr. Anju Seth, Dr. Varinder Singh, Dr. Praveen Kumar, Dr. Srikanta Basu from Pediatrics;

Dr. Y.K. Sarin from Pediatric Surgery

Dr. Lalit K Gupta from Dept. of Pharmacology

Dr. Sangeeta Pahuja from Dept. of Immunohaematology & Blood Transfusion

Dr. Arvind Kumar from Forensic Medicine

Dr. Prerna Kukreti from Psychiatry

## Institutional Accomplishments

LHMC was In-charge of the ICU facility created at Bharatmandapam for the elite G-20 event in September 2023, and also conducted the preceding events for EAMs at Rashtrapati Bhawan Cultural Centre, and the event at Sushma Swaraj Bhawan, New Delhi. Department of Anatomy, LHMC is Government authorized Embalming Centre for transport of bodies at National and International Levels. Dept of IHBT Standardised “Platelet crossmatching” procedure at Blood Bank, LHMC. A 1000mA Digital X-ray System Digital flat panel Detector MARS 80 was installed in Dept. of Radiology. Radiotherapy equipment has been procured and has been activated for patient care. Department of ENT has successfully completed 70 cochlear Implants surgery under the ADIP Scheme of Ministry of Social Justice and Empowerment.

I am pleased to announce that we have completed phase one of our Comprehensive Redevelopment Plan, amounting to ₹703 crore. Our new Inpatient Department block and Accident & Emergency block are now operational, adding over 600 beds to our existing capacity, greatly enhancing our service delivery. The Central Lab in the New IPD block is functional, allowing patients to receive lab reports directly on their mobile phones through our Integrated Lab System, a feature we aim to achieve at 100% soon.

Our Radiology department is equipped with advanced technology, including a new digital X-ray machine and an MRI machine that will soon be operational. With our round-the-clock radiology services now in place, we can provide timely diagnoses with X-Ray, Ultrasound, CT Scan, and MRI facilities. We have achieved NABL accreditation for our HIV laboratories and installed a Medical Gas Pipeline System (MGPS), ensuring oxygen supply for approximately 1,000 beds in the new IPD and A&E blocks. Our Accident and Emergency Department has been enhanced to include various specialized units, totalling 94 beds, to better serve our patients. Installation of ICU set-up in Bharat Mandapam in Pragati Maidan for G-20 Summit was done in 2023. The Oncology department has procured a Brachytherapy unit, which is currently being installed.

At Kalawati Saran Children’s Hospital, established in 1956, we have embraced new initiatives, including the launch of UWIN portal, promoting child health and immunization. Our Pediatrics department has excelled, operating centres of excellence in fields such as HIV, TB, malnutrition and oncology.

Some other Major achievements are: Launch of Pediatric Drug Resistant TB guidelines for National TB Eradicating Program(NTEP) and Launch of National Orientation of Master Trainers’ on Integrated Management of Neonatal & Childhood Illness (IMNCI).

The Pediatric Nephrology ICU was made fully functional in 2023. Our Paediatrics department actively participated in a groundbreaking multi country project initiated by World Health Organization focussed on understanding and combatting “Possible Serious Bacterial Infection in young infants”. In our fight against Severe Acute Malnutrition (SAM) the training Initiatives to the states by the National Centre of Excellence for Sustainable Management (NCOE-SAM) were organised across various states - Assam, Gujrat, Jharkhand, Chhattisgarh and Punjab - to equip the healthcare professionals with the knowledge and skills needed to combat this silent crisis.

In the realm of nursing education, our Nursing College has successfully admitted 70 students this year, with 56 graduating. We prioritize excellence in all aspects of our educational programs.

We have successfully implemented an e-office system, creating thousands of electronic files and enhancing administrative efficiency.

Lady Hardinge Medical College as an institution holds a vision for the future which encompasses delivering quality medical education, and to fulfill this aim the Kalawati Saran Children’s hospital is proposed to be developed as a Centre of Excellence with starting of various superspeciality courses, which is bound to translate in to the second component of LHMC’s vision of providing quality care. Similarly, medical surgical and gynaecological superspeciality blocks are proposed to be developed- the infrastructure, the DM/MCh courses and patient care are all going to take a gigantic step forward in the coming years. Metro Blood Bank is likely to come up, which will

be a big step in trauma care. Also, we are looking at starting transplant services including bone marrow transplant unit, and also increasing our dialysis capacity to a 20 bedded set-up. A Vishram Sadan is also likely to come up and Nursing Home facilities are also planned to be started. Central Research Laboratory and Skill Laboratory are also on the anvil.

Before I end, I want to express my gratitude to all our staff and stakeholders for their continuous support and commitment. Together, we are shaping the future of healthcare and education in our community. We stand here together, reflecting on our journey—a journey marked by remarkable achievements and significant milestones. Yet, let us remember that while we have accomplished so much, there remains a long road ahead of us. Each step we take is powered by our unwavering commitment to hard work and innovation. Think about it: every breakthrough, every success story, began as a simple idea nurtured by dedication and a positive attitude. It is this very spirit that propels us forward, allowing us to dream bigger and strive for excellence.

As we look to the future, we must continue to support one another. We must forge ahead with resilience, knowing that challenges will come, but so will opportunities. Together, with our collective strength, we can reach new heights that we have yet to imagine.

I would like to take a moment to acknowledge those who have been instrumental in our journey. To the Hon'ble Minister Smt Anupriya Patel ji, your unstinted support has been a constant encouragement for us to move ahead. Your belief in our potential fuels our determination. A heartfelt thanks to Smt Roli Singh, Additional Secretary of Health. Whenever we approached you, you have been ready to lend your guidance and support, helping us navigate through challenges with confidence. I would also like to express my deep appreciation for Dr. Atul Goel. Your inspiration and guidance have been invaluable to all of us. You remind us that true leadership is about empowering others and nurturing future leaders. To our dedicated faculty and staff, you are the pillars of this institution. Your tireless efforts, passion for teaching, and commitment to our students create an environment where dreams can flourish. And to our students—the torch-bearers of tomorrow—your enthusiasm, curiosity, and ambition light the way for all of us. You are the embodiment of our hopes for a brighter future. As we celebrate today, let us carry this spirit of gratitude into our daily lives. Let us continue to lift each other, foster innovation, and maintain that positive attitude that defines us. Together, we can navigate the path ahead, knowing that the best is yet to come. In closing, I extend my sincere thanks to each one of you for being here today and for your unwavering support. Together, we will not only reach the heights of excellence but will also redefine what is possible.

Thank you.
